Councillor Comments

District 1 – Councillor Prout (as submitted)

Good day from District 1. I hope that all the Mothers in our communities were able to celebrate Mother's Day this past weekend. With the days finally warming up, it is wonderful to see the lawns turning green and the trees 'leafing out'. With Victoria Day quickly approaching it will soon be time when all gardeners will want to have their seeds planted, and after another ten days or so, will want to have their plants set out after the risk of frost has abated.

Please remember to exercise caution on our local roads as a number of farm vehicles and equipment will be on the move to prepare and to plant the fields of our many farms in Annapolis County.

A quick update on the Rainbow Riders Gymnastics & Trampoline Club in Middleton and the ten athletes from that club who qualified for Team Nova Scotia in Trampoline and Tumbling. They finished the 2023 Eastern Canadian Gymnastics Championships in Sherbrooke, Quebec on Sunday and they did very well. Rylee Armstrong of Spa Springs was the Flag Bearer for the Nova Scotia Team. I will have a more detailed report on this subject at the regular Council meeting in June.

District 2 – Councillor Connell reported that fund-raising breakfasts are starting – Margaretsville Fire Hall on the first Saturday of the month, and at the Port George Regional Recreation Centre on the first Sunday of the month. The Port George Jamboree is returning in July. We need to talk about promotion of volunteerism, fire services have asked us to consider doing something to promote volunteers, something out of the ordinary – radio ads, etc. for committees and groups. Spring is here.

District 4 – Councillor Barteaux noted that community halls are becoming more active. Moschelle Hall hosts a Card Night on Thursday nights. There will be a pancake breakfast on May 27th. Cycles are now on the road – please be aware to help prevent accidents. Also bikers need to be aware. Drive safe. It has been a dry spring – be aware of posted burn bans, check before you burn. Lots of valuable volunteer time is spent fighting fires. Hopes for rain for fire conditions, wells and gardens. Transplants are now available at the Thexton’s Greenhouse in Lequille.

District 5 – Councillor Longmire also hopes for rain as it is extremely dry. Need to be mindful of fire bans, a burden on fire services. Attended lots of luncheons, meeting old and new friends. Need to support and recruit more volunteers. Attended the Atalanta Hospice Gala – amazing support that night. Lots of musical jams take place in her district. Come to the Crow’s Nest in Hillsburn for great seafood, and check out local farm stands on your drives, i.e. - Mackenzie Mountain Road. Shop truly local.

District 6 – Warden Morrison (*as submitted*)

Attended Cornwallis Community breakfast - had a good opportunity to see and speak with many members of the extended community for the first time in years. Everyone has a story about the pandemic, how it affected them, how their lives changed and how they will relate to future activities. A member of County staff, with spouse, attended - a warm and welcome sight!

The next breakfast will be on Saturday 10 June.

The Cornwallis Park annual yard sale will be held on Saturday 3 June. This event attracts folks from throughout our county as well as from other municipalities.

A few days ago, Elizabeth and I met two mothers and their children who were just entering one of the big fields at Cornwallis. They were there to play baseball and then go hunting for sea glass. This was not a rare occurrence as many individuals and families take advantage of the facilities on a regular basis.

The Upper Clements Picnic Park is attracting many visitors, including tourists. It is an attractive place in many respects and the local supporting organization and staff are to be commended for hard and productive work.

We all look forward to Saturday 24 July and the opening of the magnificent trails on the other side of Highway 1 from the picnic park.

This is gardening season. I have been told by those in the know that we ought to be sure not to be too hasty.

District 7 – Councillor Hudson wished a belated Happy Mother’s Day to all mothers. A song out by Luke Bryan says ‘I believe most people are good, and most mommas oughta qualify for sainthood’. There is a Roast Pork Supper on June 3 at the West Dalhousie Hall, with the proceeds going to Annapolis County Ground Search and Rescue, which began in West Dalhousie. On May 20th there is a plant and bake sale at the West Paradise Community Hall, with the proceeds to support the hall. On May 20th there will be an Open House fundraiser from 9-1 at the Paradise Heritage Centre Restoration Project.

District 8 – Councillor Gunn (*as submitted*)

Happy No-Mow May to all. I’d just like to remind everyone that the County has opted to “lead by example” with regards to not using Glyphosate on County-owned land. Remember that for home-use, there are always alternatives.

I’ve received communications about the following topics this month:

- Bear River water, and the dire need and responsibility for the County to address the lack of potable water in downtown Bear River;

- The condition of the Virginia Road left by logging trucks, as well as the lack of life-sustaining refuge blocks of forested tree-stands for wildlife in government owned land; and
- Commending the County for recognizing the importance of protecting our woodlands, and for setting an example with the upcoming Greywood location.

In other news, it being Mental Health Awareness month, I'd like to commend the Bear River & Area Health Clinic for becoming the first Virtual Care Hub in the Western Zone. That began in July of 2022, but for those interested in Virtual Care, there is an information session at the library in Digby on Warwick Street. The session runs from 2 to 3:30 on June 13th but registration is required by June the 11th.

The Forrester's Hall in Clementsvale is offering a cold plate take-out supper on June 23. Check out their Facebook page for more information. The next Market day at the Forrester's Hall will be Saturday May 27th.

There will be a guided walk at Mickey Hill this Sunday at 10:30am, hosted by the Mersey Tobeatic Research Institute. Check out their Facebook page and Eventbrite page to register for the event.

Gardening season is upon us, and I hope everyone takes the opportunity to get out there and work a piece of land for a garden. Growing food is not just good for your health and budget, but it combats food insecurity and is good for your mental health as well.

District 9 – Councillor Sheridan called attention to recent and ongoing wildfires and burn bans which affect our firefighters and volunteers. Bingo is starting in Nictaux on Saturday, May 27th, and every other Saturday.

District 10 – Deputy Warden Redden recognized patient and tolerant mothers. He added that the Lawrencetown Volunteer Fire Department will celebrate an anniversary on June 17 and will have their new pumper on display. Preparations are well underway for the Annapolis Valley Exhibition in August.

District 11 – Councillor LeBlanc also offered belated Mother's Day wishes. She Spent day with her grandchildren and children. Three Rivers Community Centre had successful fund-raising turkey supper last week - stay tuned for more and check their website. All appears to be calm, people are out doing yardwork and gardening and children are out and about playing on bikes. Have a great spring and enjoy it until summer arrives.
